Divine Strake Nuclear testing stopped!

JJK celebrates victory with friends and supporters in Nevada and Utah!

On February 22, 2007 the [Defense Threat Reduction Agency](#) (DTRA) officially canceled the Divine Strake Project!

**Utah-ABC News 4:**

*A grass roots effort pays off as the people of Utah continue making a difference around the world---the Divine Strake Nuclear Testing is canceled! Many calls and emails from around the world came in to the Governor's office of Utah, local officials and to Washington, D.C. stating: Stop Divine Strake!*

**Fox Radio, St. George, Utah - Calling All Angels Radio Host Debara Bruhn:**

Yes, there is "nothing Divine about Divine Strake" as our dear friend John Joseph Kennedy so clearly voiced to all levels of government to stop the madness on Feb. 12, 2007.

Mr. Kennedy's quick response to Utah Governor Jon Huntsman, Jr., the Honorable Nancy Pelosi and top-level government officials, calling for an end to Divine Strake, is beyond reproach. Mr. Kennedy has been with us for many years, working to stop the Mother of all Bombs (M.O.A.B.), and countless other acts against humanity.

We, thank-you John Kennedy for walking along side of us as ONE, to prevent what could have been one of the darkest hours in humanity's history. We now have hope and feel grateful for you because our voice has been heard; the voice of the people! It is great to be heard! "We the People" made a difference in the world today!

-Debara Bruhn, *Calling All Angels Radio*
